

# TGOA/MGCA NATIONAL NEWSLETTER

Volume 23

JANUARY/FEBRUARY 2012

Number 1

*President's Message*

I want to thank Ron Heggen for hosting the 2011 Board Meeting in Des Moines. He did an excellent job. The presenters he arranged to have for our meeting were great.

It is with great pleasure that I inform you that we have a very dedicated and active executive committee. We are looking forward to a very productive year. To start the year off with a tremendous start, I want to let you know that we will soon have a new club in Pennsylvania. Our Past President, Hugh Earnhart has been working on bringing this club into the TGOA.

In this newsletter I want to continue my focus on communication. I will give you a listing of the members of the executive committee and the committees that they are responsible to oversee.

As the President, I am responsible for the Awards Committee, Club Communication, Convention Site and Planning, Credentials, National Projects, National Members Newsletter and Website Committees.

The First Vice President, James Bagwell, is responsible for the Calendar, Newsletters, Photography, and Scholarship Committees.

The Second Vice President, Daniel Logan, is responsible for Gardening from the Heart, Nominations and Youth Gardening Committees.

Our Third Vice President, Ron Bare, is responsible for the Audio Visual Development, BookReview, Merchandise/Marketing and Shows and Judging Committees.

Our Treasurer, Ron Heggen, is responsible for Bequests and Grants, Finance and Endowment and Investment Committees.

Our Past President, Hugh Earnhart, is responsible for the Bylaws and Membership/New Clubs Committees.

Every two months I am to receive a report from each member of the executive committee regarding the committees they are

overseeing. I will then incorporate their reports in my President's Message. This way you will be kept up to date on what is happening on the national level.

It will take time to get all of the changes made in the way we communicate, but I believe that you will like it.

Don't forget that we have a national convention coming up soon. It will be in Boardman, Ohio on June 13-16, 2012. I look forward to the opportunity to talk with many on you at the convention.

Thank you for all that you do for the TGOA/MGCA.

Yours in Gardening,  
*John Kessen*

**NOMINEE FOR 3<sup>RD</sup> VICE PRESIDENT FOR 2013**

Karen L. Clark  
THIRD VICE PRESIDENT  
[kclark4911@sbcglobal.net](mailto:kclark4911@sbcglobal.net)

If you attended the 2011 Convention you will remember me as the "Lady with the Duck Call and Bell" handing out door prizes. This was the second convention I have attended. After each, I came home more excited about the future of TGOA/MGCA. I hope to see you at the 2012 Convention in Youngstown. It should be a blast.

I joined the Overland Park – GOA in 2007 shortly after buying my first home. Looking for gardeners who could answer my questions about what was growing around my house. (Is this a weed? Answer: If you like it, it's a Plant, If you don't, it's a Weed); I found a warm and welcoming group of people I am blessed to call my friends. I currently serve as Treasurer and Award Chairman for the chapter, and Chairman of

the National Award Committee. I encourage all of you to send in entries for the awards listed in this issue.

I believe the Organization can grow if we focus on communication. Getting our name, ideas and purpose out before the public will attract new members. I believe the best way to facilitate communication between our individual chapters and the exec board is by personally visiting chapter and regional meetings. If elected, I plan on traveling extensively to visit as many chapters, (and making new friends) as time and finances allow.

I have lived in Kansas all my life. I share my home with a mutt named Hope, who is my motivator, (Take me for a walk!), my moderator (Quit weeding, come play with me!) and the joy of my life. I serve on my HOA board. I have been employed by US Bank for the past 25 years. I graduated with a BA from Washburn Univ. in Topeka, (Ask me what an Ichabod is.) My hobbies have included stain glass, embroidery, bird watching, scuba diving, and being on a race car crew. I have recently taken up Sporting Clay shooting.

It's not too late!  
Still accepting  
nominations!!

Calling on all clubs and Members at Large to send me entries for 2012 Awards. Serving as judges this year are Steve Bush, Nancy Anderson, Colette McNally and Chet Wilson. Here is a list of the National Awards.

Complete criteria and procedures are available in the member section of our website. If you do not have Web access, please feel free to call me for more information. Send entries to me by January 31, 2012. Karen L. Clark, 7236 Conser, Overland Park KS 66204. 913-677-4246. email kclark4911@sbcglobal.net

everything from preparing soil and mulching to harvesting. We learn how to do everything organic.

Before our first meeting, my mentor asked all of us if there was any kind of plant that we thought would be fun to grow and unusual in some way. I immediately said I wanted to grow peanuts! Peanuts don't usually grow in Ohio because they take 5 months or more before they are ready to pick. I think my mentor thought that I was nuts! But I wanted to try it anyway so my mentor gave me raw Jumbo Virginia Peanuts. It was April and I could not plant outside so my mom let me plant six peanuts in the house. I started them in my bathroom where I could turn up the heat real high. I started them in peat pots and covered them with a sandwich baggie to keep in the heat. All my plants sprouted within a week. When they got so big, I had to take off the baggie; my dad got me a grow light to shine on them because I didn't have a window in the bathroom. I

planted them in the garden in June. They got about 18 inches high. At the end of August, I dug up one plant and entered it in the Horticulture Show at Fellows Riverside Gardens. I tied for first place in the other category of the vegetables section and got a blue ribbon!!! I also entered a peanut plant that I had in a clear glass jar, in the house plant section and I won a red ribbon for second place!!! AND, YES, I DID GROW PEANUTS IN OHIO!!! I think I may try it again next year.

*Katie*

**NEWLY APPOINTED  
SOUTHWEST REGION  
DIRECTOR**

Richard K. Robledo, Arlington MGC, TX was recently appointed the new Director for the Southwest Region. His email is [thrianta.earthman@yahoo.com](mailto:thrianta.earthman@yahoo.com) [.com](http://thrianta.earthman@yahoo.com). TGOA/MGCA and the members welcome him to this position on the Board of Directors.

**“BOOK REVIEW”**

**The Visitor's Guide to  
American Gardens**

by

Jo Ellen Meyers Sharp

So many gardens, so little time. Wouldn't it be nice if there was a travel

guide that compiled all the great gardens you could visit in the U.S. and Canada, and gardening events, too? Thanks to the work of Jo Ellen Meyers Sharp and Cool Springs Press, now there is.

One of the first things I do when I'm planning a trip to anywhere, whether the purpose of the travel has anything to do with gardening or not, is to see if there are any public gardens that I can visit while I'm there. I usually do a Google search, ask friends, or look in the phone book after I've arrived. But with this handy guide, all the information I really need is in one place.

*The Visitor's Guide to American Gardens*, by its own admission, isn't complete, but it comes pretty close. Organized by state (and Canada), more than 400 gardens are profiled, with details such as address, phone, website, hours and any fees associated with them. Of course some of these are subject to change, but the information needed to contact the gardens is provided so you can double-check it before your visit, including QR codes for many. If your

favorite garden or event isn't included in this guide, contact information is given so that it may be provided and added to future editions.

At the back, there's also a monthly guide to flower and garden shows, listed by state. Basic maps make up another section showing the location of the gardens. Several travel companies are listed, with flower show and garden destinations where they lead tours.

If I could make one improvement on the book, it would be to make it more pocket-sized so that I could carry it in my purse during my travels. It's not large (9" x 6" x 1"), but it's not really small enough for me to consider it a pocket version. Photos are sparse, so if you want a book that gives a visual preview of the gardens, this isn't it, but the information presented is all you'll need to plan your own visits.

**Jo Ellen Meyers Sharp** is a professional writer and inveterate garden visitor. She has been writing about gardens and gardening since 1989, when she began writing for The Indianapolis Star. In addition to maintaining a weekly column for the Star, Sharp regularly

contributes articles to *Indiana Gardening* and *Angie's List Magazine*. This is her second book. She is co-author of the *Indiana Gardener's Guide* (2003).

+++++

### **2012 PHOTOGRAPHY COMPETITION**

The due date for photography entries is February 12, 2012. The Photography Manual with rules and entry form is available on the TGOA-MGCA website under "Photo Competition." No changes have been made to Sections and Classes from the past year; however, naming of files on disks is different. The new chairperson is Shirley Winnes, 301 David Drive, Green Bay, WI 54303, 920-499-4441. You may also contact Shirley for a copy of the manual—e-mail is preferred to save on postage and paper (sawrrw@hotmail.com). Be sure to identify any e-mail correspondence with the subject line: TGOA-MGCA Photo Competition so that your message does not end up deleted as junk mail.

+++++

**"CLUB FEATURE"**  
**The Liberty Hyde Bailey Garden Club of Ithaca, NY** was formed by a group of gardeners at Cornell University some forty years

ago. While it was originally a men's garden club, membership has been open to women for the last ten years. We are a chapter of The Gardeners of America/Men's Garden Club of America.

Our members have a wide range of interests - vegetables, flowers, trees and shrubs, houseplants, or just about any other garden topic you can think of! We are a down-to-earth, friendly group of gardeners and we welcome new members with open arms. We meet each month, on the second Tuesday, at 7:30 p.m. in the Horton Room at the Floriculture Greenhouse, Tower Road on the Cornell University campus. Visitors are always welcome.

#### **Membership benefits includes:**

- Access to lending library
- Yearly Perennial Exchanges and Plant Auctions
- Membership in the TGOA/MGCA and American Horticultural Society (AHS), which includes a subscription to American Gardener Magazine
- The Baileyan, our monthly club newsletter

+++++

*"One does not begin to make a garden until he wants a garden. To want a garden is to be interested in plants, in the winds and rains, in birds and insects, in the warm-smelling earth."*

- Liberty Hyde Bailey

You're  
Invited to a  
**BUCKEYE  
BASH**

**J**une marks the first time the Men's Garden Club of Youngstown will host The Gardeners of America – Men's Garden Clubs of America National Conference. We welcome the opportunity to showcase our club and the community we serve. We are proud of our contributions to the Mahoning Valley, and to both TGOA-MGCA and the Central Great Lakes Region. As one of the national's most active and accomplished clubs, we are well prepared to put on a first class event.

Attendees will have the opportunity to see the results of our many horticulture education and public service projects. Hopefully, some of the hundreds of daffodils we planted at city entrance routes will still have blooms. Although the two Mahoning County Board of Developmental Disabilities (MBDD) greenhouses we use to grow over 50,000 annuals for fundraising and donations will be closed for the season, results can be seen in the

Street Scape beautification in Youngstown's revitalized central business district.

Dave Campana – Editor,  
*MGCY Germinator*

Perhaps we can arrange impromptu tours of two efforts for which we are particularly proud – our Youth Garden and the American Elm Restoration and Evaluation Project. To date we have planted nineteen survivor elms in the area, most in a grove at the new Mill Creek MetroParks wetlands restoration, with many to follow. We also hold a first class Horticulture

Show each August. Continual updates on our activities and conference information can be viewed at our website, [www.mgcy.org](http://www.mgcy.org). Included are past issues of our newsletter, *The Germinator*.

The quality of conference seminars will be a direct result of experience gleaned from years of successful Winter Seminars. Many of you know Larry Tooker from his accomplished career in horticulture. Larry knows many knowledgeable and entertaining gardening experts, and has assembled an impressive slate of speakers on a wide variety of topics scheduled on Thursday, June 14<sup>th</sup>, and Saturday, the 16<sup>th</sup>. And don't let the "Men's" in our name fool you; women are often in the majority at our Winter Seminars.

On Friday, the 15<sup>th</sup>, we will be offering tours of Fellows Riverside Gardens and the Draime Estate Gardens. Attendees will have the chance to tour both venues. Fellows is a twelve-acre landscaped display garden featuring seasonal bulbs, annuals, perennials and trees. It is especially known its rose garden. For more info go to: [www.millcreekmetroparks.com](http://www.millcreekmetroparks.com). At Draime, pathways lead from one garden to another providing contrast throughout the entire property as they set the tone for each garden's style. More info: [www.kent.edu/horticulture/Draime/index.cfm](http://www.kent.edu/horticulture/Draime/index.cfm). After the tours, the Memorial Service will be held at Fellows followed by a barbeque.

All seminars and the Awards Banquet will be held at the Holiday Inn in Boardman, and we have secured an excellent guest rate for those attending the conference. The hotel features an excellent restaurant and an indoor swimming pool, and is within a stone's throw from a Roadhouse, an Olive Garden and a multi-plex movie theater. This suburban area boasts the greatest diversity in shopping, restaurants and entertainment in the Youngstown metropolitan area. In future articles, we will provide more information on the seminars and alternative activities.

***We guarantee a great  
time at our BUCKEYE  
BASH!***
